

*The American Association of
Orthodontists recommends that
children have an orthodontic
evaluation by age 7.*

**Call today for a
complimentary 7&up[®] checkup***

- Determine if there is enough space for the eruption of permanent teeth.
- Determine if teeth may be missing.
- Evaluate that bones are growing proportionally in the face.
- Identify if permanent teeth are being damaged during tooth eruption process.
- Identify oral habits that may be negatively affecting development (thumb sucking, tongue thrust, etc).

**Screenings at age 7 are designed to help minimize dental complications in the future.*

**Do Not Need a Dentist Referral
for Orthodontic Evaluation.**
